**WASHINGTON READY**

Preparations For the Inaugural Ceremonies Are About Completed.  
**PEOPLE POURING INTO THE CITY.**

Capital Already in Gala Attire—Preston Taken to Secure Privacy For the McKinley Party—Police Arrangements Include Detachments From the Principal Cities—Senate Holds a Sunday Session.

WASHINGTON, March 1.—Inaugural preparations come on apace. The crowds have begun to show themselves noticeably on the streets; the depot platforms and hotel lobbies are becoming more and more congested with each incoming train. Decorations begin to flaunt along the avenue, that is, of course, Pennsylvania avenue, which no Washingtonian ever thinks of calling by its full name.

The grand arena of the inaugural display will be the short section of the avenue between Fifteenth and Seventeenth streets, flanked on the south by the white house and on the north by Lafayette square. Here both sides of the street are a solid front of covered stands. The capacity of the stands and their location are as follows: President's reviewing stand, 1,000; in front of Lafayette square, 4,150; Fourteenth street and Pennsylvania avenue, 1,130; Thirteenth street and Pennsylvania avenue, 1,515; Ninth street and Pennsylvania avenue, 315; two stands at market space, 2,630; in front of Hancock's statue, 1,100; east side of Seventh street, 500; in front of botanic gardens, 3,320; total, 15,000.

Reviewing Stands and Decorations. This year the stands are of uniform design and decoration, save that from which the president will review the parade. This, with its white front, corinthian columns and severely classical outlines, is not unlike a miniature of the white house in its rear. The other stands, those for the multitude, are covered in imitation of stonework, roofed over against the possibility of bad weather, which is not a remote contingency in this gala month of March. With their wreaths, garlands and brilliant flags, which will soon flutter with countless bannerettes, they easily suggest the embattled lists at Austerlitz or the Florentine piazza where the pageants of the Agona wound their way at carnival time.

But the decorations, as they finally will appear, are so far but a suggestion. Now there are sunbursts of bunting over the fronts of the larger stores and hotels, and flags floating from every building that owns a flagpole. After nightfall, too, there are already to be seen garlands and clusters of incandescent lights, but these are only an earnest of somewhat better things to come. Visitors yesterday at the committee's rooms were General Horace Porter, General O. O. Howard, National Chairman Mark Hanna and the president-elect's secretary, J. Addison Porter. All of these gentlemen, who have an official interest in the work of the committee, expressed themselves as well satisfied with the arrangements. So far as the launching of the new administration can be provided for in advance, there seems nothing left undone to assure success.

Practically all of the southwest corner of the Ebbitt House, on the third floor, has been reserved for the McKinley party. The suite of three rooms that has been set apart for the president-elect has been arranged with excellent taste. The location is such as to have the best of the sunlight all day and Major McKinley could hardly be more comfortably lodged before getting finally settled in his new home. The side hall leading to this part of the house have all been boarded up and the entrance to the main corridor will be constantly guarded by a factorum, who will insure the party from intrusion by those who have no real business in that part of the house.

Further, and this is not generally known, there has been a special dining hall set apart for the McKinley party. It is a small banquet hall, in the rear of the main dining hall. It is capable of accommodating about 75 people and is the only thing needed to assure the complete privacy of the Canton visitors.

**Police Arrangements.** The general police arrangements in Washington have also been perfected. 400 special officers have been sworn in for inauguration week, and Chief of Police Moore has been in correspondence, as is usual at such seasons, with chiefs of police in all the large towns of the country. Details of detectives from the big cities will be sent to Washington to keep watch on whatever members of their own criminal population drift this way, while both the Baltimore and Ohio and the Pennsylvania railroads have massed a number of their own detectives under their respective chiefs along the road, 20 miles outside of the city in each direction, in hope of corralling any crooks of prominence before they reach the city.

**SUNDAY SESSION.**

United States Senate Considers the Sundry Appropriation Bill.

WASHINGTON, March 1.—The usual Sunday quiet of the capitol building was disturbed yesterday by a session of the senate made necessary to pass the appropriation bills. Large crowds filled the galleries and overflowed to the corridors. The attendance of senators was even greater than that through the week, the absentees, other than those out of town or sick, numbering 13, viz: Cameron, Davis, Hansbrough, Jones of Nevada, Kenney, Pasco, Platt, Pritchard, Pugh, Smith, Turpie, Wetmore, and Wilson. The venerable figures of the senate—Morrill, Hoar, Sherman, Morgan, Palmer—were among those present. The sundry civil bill was immediately taken up and was under consideration until late last night.

**PRESIDENT-ELECT.**

How Major McKinley Spent His Last Sunday in Canton.

CANTON, O., March 1.—Yesterday was spent by Major and Mrs. McKinley much the same as have been the other Sundays since leaving the state capital 14 months ago. The major attended services at the First Methodist Episcopal church accompanied by George B. Moore of San Francisco, the husband of the daughter of his deceased brother, and Captain H. O. S. Heistand, who has been engaged at the McKinley home since the return from Columbus.

Rev. Dr. Manchester, the major's pastor, conducted the services and made only slight reference to the president-elect and the position he is about to assume. In the prayer he invoked divine guidance in the cares soon to be thrust upon an illustrious Cantonian and prayed that faith and strength might be vouchsafed him in the discharge of all of his duties.

In the afternoon Major and Mrs. McKinley sought the refreshing influences of a short drive. For the remainder of the day they remained quietly at home, almost free from such cares as have thrust themselves upon them nearly every day in the past year.

Dr. Phillips said last night: "Major McKinley is well. He is in usual health and well able to undertake the trip tomorrow evening and to withstand the important events of the week."

King Humbert warmly assured Mr. Macveagh of his personal regret at the prospect of the latter's retirement from Rome.

**CUBAN WAR.**

Train Derailed by Insurgents and a Lady Killed.

HAVANA, March 1.—It is understood that documents have been forwarded to the state department at Washington for examination with respect to the cases of Ruiz, Scott and other Americans similarly maltreated by the Spanish authorities.

The Cuban leader Roberto Bermudez, was wounded in the recent fight at Melquillo. He is in the invalid hospital at Torro Hill, Pinar del Rio.

The palace at Pinar del Rio has been fired upon by the insurgent leaders, Mito Suarez and Cordova Alejandro. Rodriguez will succeed the late General Aguirre of the insurgent forces in the province of Havana. General Roereque comes from the eastern end of the island and is appointed to his new command by General Maximo Gomez.

A train was derailed by the insurgents between San Miguel and Jucaro, in the province of Havana, and a fight between the insurgents who were in ambush and the train detachment followed. Miss Cruz of Toledo was killed. All the sugar cane on the estate of Manuel Calvo at Potugaleto, Matanzas, has been burned by the insurgents.

**SANGUILLY ARRIVES.**

He Expresses Lasting Gratitude to Consul General Lee.

KEY WEST, March 1.—Julio SangUILly has arrived from Havana by the steamship Marotte. He was indisposed to say anything further than what would express his lasting gratitude to Consul General Fitzhugh Lee, whom he described as a truly noble American and a man who should long ago have been in Cuba. "Had he been there years ago," General SangUILly exclaimed, "there would have been less shedding of American blood." He was very much agitated as he expressed his feeling toward Consul General Lee. When questioned by a friend as to the Competitor's crew, he replied, earnestly, that if the United States government did not take prompt and energetic action to secure their release, he feared the worst would befall them.

**Big Wickliffe Fire.** WICKLIFFE, Ky., March 1.—The principal hotel here, the Watwood House, was totally destroyed by fire late Saturday. The flames spread rapidly and other property was burned. The entire business portion of the city, including the I. O. depot was threatened.

**CRETAN WAR NEWS**

Powers Will Send Collective Notes to Turkey and Greece.

**KING GEORGE MEMORIALIZED.**

Cretan Will Not Give Up the Struggle Until It Secures a Union With the Hellenic Kingdom—Intentions of One of the Great Powers—Bulgaria May Take a Hand in the War.

LONDON, March 1.—It is stated here on good authority that the result of the conferences between the representatives of the great powers at Constantinople and Athens will be the presentation of collective notes to Turkey and Greece today. Greece will be allowed four days to recall her land and sea forces from Crete. It is reported from Canea that several insurgent leaders have sent to Vice Admiral Canearo of the Italian fleet a signed declaration that the Cretans will accept no solution of the pending question but political union with Greece. Fighting continues between the insurgents and Mussulmans near Retimo and elsewhere. The Christians

KING AND QUEEN OF GREECE.

besieged the Turkish garrisons in the blockhouse at Malata for several days. A body of Turkish regulars and irregulars left Canea with a convoy to retake the blockhouse. The insurgents attacked the column and killed several of the escort, whereupon the Turkish battleship Evid opened fire upon the insurgents with shells and continued the firing until stopped by order of the foreign admirals.

Latest advices from Canea report that fighting between the besieged garrison and the Cretans continues. The villages of Triklaria and Nerokouro, in the same district, have been burned by Bashi Bazuks. Fighting continues also outside Candia. The Christians have repulsed the Turks.

A number of Cretan deputies, headed by the bishop of Retimo, have presented King George with a memorial. This states, in effect, that autonomy, instead of pacifying the island, will only pave the way for another revolution later on and still endanger the peace of Europe; and that, therefore, the Cretans are resolved to continue the struggle until political union with Greece, their long cherished hope, is realized. Three hundred volunteers have evaded the blockade established by the powers and landed safely on the southeast coast of Crete. Edhem Pasha, it is understood, will proceed on Tuesday to take command of the forces on the Macedonian frontier. The public feeling at Athens is that nothing can prevent the powers from coming to blows over Crete. The rumor was circulated that the English flag alone had been hoisted over the fortress of Izdizing. Everybody immediately leaped to the conclusion that England was trying to steal a march on the other powers by seizing Suda harbor.

It is believed that one of the great powers is now urging the sultan to take the offensive immediately possibly with the intention of stepping into the shoes of Greece in case the Turks should overrun Thessaly, but more probably with the ulterior design of seizing Constantinople. Macedonian forces will be raised in a few weeks, with a view to possible contingencies, and if the Turks attempt to invade Thessaly, the Bulgarian government is determined to advance its troops instantly to the Aegean sea.

**Murderer Taylor on His Way Home.** NEW YORK, March 1.—Arthur Platt, alias Edward R. Taylor, recently arrested in England for the murder of Jesse Vire in Eastern insane asylum at Louisville, Ky., in 1885, and was

There is a fascination about a vigorous healthy woman, which touches every heart. Physical weakness is a great drawback to a woman's social success. As she loses healthy plumpness, she loses attractiveness. A woman had better be too stout than too thin; but either extreme shows a lack of healthy action. If you are not physically fit, the mark, appetite uncertain, digestion poor and a general sense of weakness and incapacity, you will find the robust health and energy you need in Dr. Pierce's Golden Medical Discovery. It renews the blood with the vital life-giving red corpuscles which drive out all morbid elements, and create new tissue, hard muscular flesh and active nerve force.

It gives color to the cheeks and firmness to the form, without adding one ounce of flabby fat above the normal standard of health. Taken alternately with Dr. Pierce's Favorite Prescription for distinctly feminine troubles, it constitutes a scientific and marvelously successful course of treatment for delicate women. Mrs. Ella Howell, of Derby, Perry Co., Ind., writes: "In the year of 1891 I was taken with stomach trouble—nervous dyspepsia. There was a coldness in my stomach, and a weight which seemed like a rock. Everything that I ate gave me great pain; I had a burning down sensation; was swollen across my stomach; had a ridge around my right side, and in a short time I was bloated. I was treated by three of our best physicians but got no relief. Then Dr. Pierce's Golden Medical Discovery was recommended to me and I got it, and commenced the use of it. I began to see a change for the better. I was so weak I could not walk across the room without assistance. I took Dr. Pierce's Golden Medical Discovery and his 'Favorite Prescription' and a bottle of the 'Pleasant Pellets.' I began to improve very fast after the use of a few bottles. The physicians who had treated me said I had 'dropsy' and that my disease was leading into pulmonary consumption. I had quite a cough, and the home physicians gave me up to die. I thank God that my cure is so simple. I do not feel any symptoms of my old disease. I cannot praise Dr. Pierce's medicines too highly. The medicines come the nearest to making the dead of any I have ever known about. They are worth their weight in gold."

Dr. Pierce's Pleasant Pellets regulate the liver, stomach and bowels.

**Persons Broke Jail, but Arrested One Who Tried to Get Away.** LEXINGTON, Ky., March 1.—Prisoners at the jail obtained a large iron bar, and with this tool the strong iron fastenings of the doors which stood between them and liberty were broken in twain. There were five men and one woman in the jail at the time, but, with the exception of one, the male prisoners themselves remained in the yard until discovered. William Daniels, on a criminal charge preferred by his own daughter, was ready to take advantage of his chance for liberty. His act was discovered and the other prisoners locked him in the dungeon.

**ORDERED TO REPORT.** State Auditor Guilbert's Order to a Van Wert County Officer.

COLUMBUS, O., March 1.—Van Wert county's auditor and treasurer claim that J. C. Goman, who was sent to the county some time ago to make an investigation of the funds, did not do his work correctly, and refused to settle with the state, in accordance with his findings. State Auditor Guilbert has ordered the auditor of that county to report here with his books for an examination of the same.

**Too Quick With His Revolver.** DANVILLE, Ill., March 1.—Detective George Gerrard late Saturday shot George Niccum. Gerrard had a warrant for Niccum for abandoning his wife. Niccum fled from the officer, and Gerrard claims he shot at the ground, which, being frozen, caused the ball to rebound. It entered Niccum's back, and, going through his body, came out at his neck. Gerrard was arrested and gave bail.

**Injured by a Bovine.** CANTON, O., March 1.—Mr. S. W. Novinger, who resides about five miles south of Canton, attended a sale in Jackson township, where he purchased a big bull and started to lead him home. The animal rebelled and turned on Novinger. The man was tossed in the air. Three times did the vicious animal perform this feat. Novinger succeeded in crawling away but was terribly hurt. His right breast was covered in one rib broken off, and he sustained other bruises. He is in a critical condition.

**MISPLACED SYMPATHY.** Evidence Shows Sidney H. Davis to Be a Little Long Count.

JOLIET, Ill., March 1.—There has been an impressive amount of sympathy expressed for Sidney H. Davis, who was convicted last month of stealing \$100 worth of diamonds from Mrs. Sumbank-Williams eight months ago at the Hotel Murray, and thousands have thought he was an innocent man. Money was raised by citizens to enable him to appeal the case. Davis was a stranger here and great interest was taken in the case. Last week he was taken to the penitentiary, notwithstanding the strong effort to have him remain in jail all their week, and now evidence has just been received showing that he has been a fleeing crook. He has served two prison terms, one in Canada and one in Colorado for similar crimes. The money subscribed to aid him will be returned.

**LOUISVILLE CITY SCANDAL.** Bench Warrants Out For Indicted Men Arrested With County Jail.

LOUISVILLE, Ky., March 1.—The grand jury adjourned Saturday, returning indictments against Daniel J. McKnight of the Western Union National bank, Sterling Edwards, and seven members of the board of aldermen, charging them with conspiracy to defraud the city in the purchase of a resolution authorizing the sale of the water works, which belongs to the city and is valued at about \$10,000,000. The indicted are R. E. Klug, president of the board of aldermen; Aldermen J. L. Leatherman, R. O. Decker, G. Trick, A. Britt and C. J. Jones, and J. M. McKnight and S. E. Edwards.

NEW ORLEANS, March 1.—Millionaire John Drexel, with his family and a party of friends in his private yacht, who started from his home in Philadelphia to New Orleans to attend the Mardi Gras festivities, is now seven days overdue and nothing has been heard from the party since it first left Philadelphia. Inquiries have been sent out from New York, Philadelphia and New Orleans but so far have elicited no information as to the whereabouts of Mr. Drexel's yacht.

**Kentucky senatorship.** LOUISVILLE, Ky., March 1.—It is the general opinion among politicians at Frankfort that Governor Bracken will not appoint a senator but convene the legislature soon after the term of Senator Blackburn expires and give that body a chance to elect a senator. This change of plan is said to have been brought about by the Republican steering committee of the United States senate.

**Battled With Heavy Seas.** BOSTON, March 1.—The Warren line steamer Kansas, reached her dock from Liverpool yesterday nearly four days late, the result of battling against heavy gales and tremendous high seas, nearly the whole way across the Atlantic. From Fastnet until reaching the grand banks, a series of violent gales from southwest to northwest were encountered.

**Hamilton County Dow Tax.** COLUMBUS, O., March 1.—The state's share of the Dow law tax collected in Hamilton county, which was paid into the state treasury late Saturday is \$102,550.10.

### Citizenship Restored.

Hon. O. H. Montgomery, while at Indianapolis Saturday called on Governor Mount, and after relating the circumstances under which John W. Holmes, of Medora, was disfranchised four years ago in our circuit court for 10 years, the governor removed the disfranchisement which makes Mr. Holmes a free man again. He was charged with the violation of the election laws. There were grave doubts in the minds of many as to Mr. Holmes doing anything with the intent to commit a wrong, the facts being well understood at the time. Mr. Holmes is not far from seventy five years old and in feeble health. He no doubt feels very grateful to Mr. Montgomery for his act of kindness in his behalf.

Your Boy Won't Live a Month. So Mr. Gillman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent three hundred and twenty five dollars, with doctors, who finally gave him up, saying: "Your boy won't live a month."

He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at W. F. Peter & Co.'s drug store.

### John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

### WITH A BARREL OF OYSTERS.

How a Great Russian Banker Bought His Freedom From Serfdom.

One of the best known banking houses of St. Petersburg and the one to which most American visitors to Russia carry letters of credit is that of Messrs. Shalounine & Sons, the founder of which, father of the present head of the firm, owed his liberation from serfdom, 15 years before the decree of emancipation, to a barrel of oysters. Old Shalounine was a serf belonging to Count Sheremetieff, one of the wealthiest nobles in Russia. He had frequently entreated the count to grant him his freedom, offering him as much as \$500,000 for the count. But money was no object to the count, and it gratified his pride to feel that one of the leading bankers of the empire was one of his serfs, unable to marry either his sons or his daughters without his master's consent. Moreover, as serf, the banker was liable to have his money seized and confiscated any moment by the count, since everything that belonged to a serf, including his wife, children and property, belonged to the count.

One day Shalounine, who had just that very morning returned to the capital from Odessa, called at the Sheremetieff palace for the purpose of reporting his arrival, as in duty bound to his owner. He had brought with him a barrel of delicious Crimean oysters for presentation to the count, but left them in his carriage at the palace door until he should have obtained his master's intimation that his gift was acceptable.

On entering the presence of the count the banker found him surrounded by a party of guests and engaged in berating his chief butler for neglecting to provide oysters for the breakfast to which they were about to sit down. The butler was explaining to the count that there were no oysters to be got in the capital at that moment for love or money. Catching sight of the serf banker the count exclaimed:

"Oh, it is thou again. Thou art come to pester me once more for thy liberation! Thou knowest that it is useless. I should not know what to do with thy money. But stay, I will tell thee something. Get me some oysters for my breakfast and thou shalt have thy freedom!"

Shalounine bowed low, left the room, fetched the small barrel of oysters which he had left in his carriage at the door, and laid it at the feet of his master.

As soon as the barrel had been opened the count called for a pen and paper, wrote out a declaration emancipating both the banker and his family from serfdom, and then, bowing courteously to the man who but a moment before had been his slave, exclaimed, "And now, my dear Mr. Shalounine—will you give us the pleasure of your company at breakfast?"—New York Tribune.

### GATHERING PUBLIC OPINION.

Governor Mount's Method of Learning the Trend of Sentiment.

Governor Mount has originated a unique but very satisfactory method of gathering the trend of public opinion upon various measures of the legislature submitted for his approval. A couple of weeks ago there was sent out from the governor's office over the signature of Charles E. Wilson, his private secretary, a communication to all the newspapers in the state. In his letter it was stated that the governor had confidence in the integrity and honesty of the newspapers, and desired to keep himself informed of the opinions they might express upon pending measures that were likely to come before him for executive action. It was, therefore, requested that marked copies be mailed to him whenever anything of an editorial character was printed concerning measures in the legislature. This request brings to his office daily nearly every newspaper in the state, and these are faithfully gone over by the private secretary. Mr. Wilson clips and credits everything that he finds about pending measures and classifies them under different subjects, so that in considering any particular bill the governor has at hand, neatly pasted and clamped together, clippings from various newspapers on the subject. Democratic as well as republican papers were included in the invitation, but in crediting the clippings Mr. Wilson always indicates the politics of the paper, so that the governor may take due cognizance of political difference of opinion. The governor is more than satisfied with the plan, and believes that by this method he gets a truer index of public opinion upon various measures than he is likely to get from letters upon the subject, for only people who are personally interested for or against various measures are likely to take the trouble to write about them.

### To Cure a Cold in One Day

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

"The Merry World" which opened a week's engagement at the Grand last evening, is one of the largest and in many ways one of the most commendable burlesque productions that has ever been given in a local popular price house. As is known, it is sort of a companion piece to "The Passing Show" and "In Gay New York," and, in all truth, it can be said that it is the equal of these productions. The stage setting throughout is excellent, and the various burlesques well given. As to the company, it is clever without exception. The audience last evening filled the theater from stage to doors, and if the piece does the business it deserves this will be the state of affairs at all the remaining performances. Matinee will be given as usual.—Louisville Times.

### Julian Scott, Drummer Boy.

The Boston Transcript says that Julian Scott, drummer boy, Company E, Third Vermont volunteers, "received the first congressional medal of honor for bravery at the battle of Lee's Mills, Va., April 16, 1862. His duties did not require him to be present on the field. Learning that four companies of his regiment, including his own, had crossed the creek and were suffering terrible losses, and that many of his comrades were killed and wounded, he started for the scene, forded the creek, and, in the face of a terrible fire and countercharge from the enemy, succeeded in bringing two severely wounded comrades across the creek. A general order was issued by his brigade commander, General 'Baldy' Smith, commending the heroic bravery of this drummer boy. The act of congress granting the medal of honor was passed July 12, 1862, and it is reported that Secretary Stanton was so pleased with the bravery of this boy that as soon as the medals were ready he sent the first one to Julian Scott."

### Wonderful Vitality of Seeds.

Professors Webster and Ponchet, who have recently been engaged in experimenting on the vitality of seeds, find that the seed of Medicago americana (Lucern) may be boiled uninterruptedly for four hours without losing their vitality. Seeds so treated sprouted and sprung up in from 12 to 17 days.—St. Louis Republic.

A clock with a human face has been made by a clockmaker in St. Petersburg. The hands are pivoted on the nose. At midnight the eyes close and the mouth yawns. About 2 in the morning the mouth emits a gentle snore. This is done by means of a phonograph to the interior.

## HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

### What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, will relieve every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scaling pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. ### WASHINGTON READY

Preparations For the Inaugural Ceremonies Are About Completed.

### PEOPLE POURING INTO THE CITY.

Capital Already in Gala Attire—Preenation Taken to Secure Privacy For the McKinley Party—Police Arrangements Include Detectives From the Principal Cities—Senate Holds a Sunday Session.

WASHINGTON, March 1.—Inaugural preparations come on apace. The crowds have begun to show themselves noticeably on the streets; the depot platforms and hotel lobbies are becoming more and more congested with each incoming train. Decorations begin to flaunt along the avenue, that is, of course, Pennsylvania avenue, which no Washingtonian ever thinks of calling by its full name.

The grand arena of the inaugural display will be the short section of the avenue between Fifteenth and Seventeenth streets, flanked on the south by the white house and on the north by Lafayette square. Here both sides of the street are a solid front of covered stands. The capacity of the stands and their location are as follows: President's reviewing stand, 1,000; in front of Lafayette square, 4,150; Fourteenth street and Pennsylvania avenue, 1,130; Thirteenth street and Pennsylvania avenue, 1,515; Ninth street and Pennsylvania avenue, 315; two stands at market square, 2,630; in front of Hancock's statue, 1,100; east side of Seventh street, 500; in front of botanic gardens, 3,320; total, 15,060.

Reviewing Stands and Decorations. This year the stands are of uniform design and decoration, save that from which the president will review the parade. This, with its white front, corinthian columns and severely classical outlines, is not unlike a miniature of the white house in its rear. The other stands, those for the multitude, are covered in imitation of stonework, roofed over against the possibility of bad weather, which is not a remote contingency in this garish month of March. With their wreaths, garlands and brilliant flagstaffs, which will soon flutter with countless banners, they easily suggest the embattled lists at Ashby or the Florentine piazza where the pageants of the Agona wound their way at carnival time.

But the decorations, as they finally will appear, are so far but a suggestion. Now there are sunbursts of bunting over the fronts of the larger stores and hotels, and flags floating from every building that owns a flagpole. After nightfall, too, there are already to be seen garlands and clusters of incandescent lights, but these are only an earnest of somewhat better things to come. Visitors yesterday at the committee's rooms were General Horace Porter, General O. O. Howard, National Chairman Mark Hanna and the president-elect's secretary, J. Addison Porter. All of these gentlemen, who have an official interest in the work of the committee, expressed themselves as well satisfied with the arrangements. So far as the launching of the new administration can be provided for in advance, there seems nothing left undone to assure success.

**Presidential Party.** Practically all of the southwest corner of the Ebbitt House, on the third floor, has been reserved for the McKinley party. The suite of three rooms that has been set apart for the president-elect has been arranged with excellent taste. The location is such as to have the best of the sunlight all day and Major McKinley could hardly be more comfortably lodged before getting finally settled in his new home. The side hall leading to this part of the house have all been boarded up and the entrance to the main corridor will be constantly guarded by a factotum, who will insure the party from intrusion by those who have no real business in that part of the house.

Further, and this is not generally known, there has been a special dining hall set apart for the McKinley party. It is a small banquet hall, in the rear of the main dining hall. It is capable of accommodating about 75 people and is the only thing needed to assure the complete privacy of the Canton visitors.

**Police Arrangements.** The general police arrangements in Washington have also been perfected. 400 special officers have been sworn in for inauguration week, and Chief of Police Moore has been in correspondence, as is usual at such seasons, with chiefs of police in all the large towns of the country. Details of detectives from the big cities will be sent to Washington to keep watch on whatever members of their own criminal population drift this way, while both the Baltimore and Ohio and the Pennsylvania railroads have massed a number of their own detectives under their respective chiefs along the road, 20 miles outside of the city in each direction, in hope of corralling any crooks of prominence before they reach the city.

### SUNDAY SESSION.

United States Senate Considers the Sundry Appropriation Bill.

WASHINGTON, March 1.—The usual Sunday quiet of the capitol building was disturbed yesterday by a session of the senate made necessary to pass the appropriation bills. Large crowds filled the galleries and overflowed to the corridors. The attendance of senators was even greater than that through the week, the absentees, other than those out of town or sick, numbering 12, viz: Cameron, Davis, Hansbrough, Jones of Nevada, Kenney, Pasco, Platt, Pritchard, Pugh, Smith, Turpie, Wetmore, and Wilson. The venerable figures of the senate—Morrill, Hoar, Sherman, Morgan, Palmer—were among those present. The sundry civil bill was immediately taken up and was under consideration until late last night.

### PRESIDENT-ELECT.

How Major McKinley Spent His Last Sunday in Canton.

CANTON, O., March 1.—Yesterday was spent by Major and Mrs. McKinley much the same as have been the other Sundays since leaving the state capital 14 months ago. The major attended services at the First Methodist Episcopal church accompanied by George B. Moore of San Francisco, the husband of the daughter of his deceased brother, and Captain H. O. S. Heistand, who has been engaged at the McKinley home since the return from Columbus.

Rev. Dr. Manchester, the major's pastor, conducted the services and made only slight reference to the president-elect and the position he is about to assume. In the prayer he invoked divine guidance in the cares soon to be thrust upon the illustrious Cantonian and prayed that faith and strength might be vouchsafed him in the discharge of all of his duties.

In the afternoon Major and Mrs. McKinley sought the refreshing influences of a short drive. For the remainder of the day they remained quietly at home, almost free from such cares as have thrust themselves upon them nearly every day in the past year.

Dr. Phillips said last night: "Major McKinley is well. He is in usual health and well able to undertake the trip tomorrow evening and to withstand the important events of the week."

### WAYNE MACVEAGH.

American Ambassador Banqueted by the King and Queen of Italy.

ROME, March 1.—Their Majesties King Humbert and Queen Margherita of Italy gave a banquet yesterday in honor of Wayne Macveagh, the American ambassador. The principal foreign diplomats and leading representatives of the Italian nobility were present. King Humbert warmly assured Mr. Macveagh of his personal regret at the prospect of the latter's retirement from Rome.

**CUBAN WAR.** Train Derailed by Insurgents and a Lady Killed. HAVANA, March 1.—It is understood that documents have been forwarded to the state department at Washington for examination with respect to the cases of Ruiz, Scott and other Americans similarly maltreated by the Spanish authorities.

The Cuban leader Roberto Bermudez, was wounded in the recent fight at Melquillo. He is in the invalid hospital at Torro Hill, Pinar del Rio.

The palace at Pinar del Rio has been fired upon by the insurgent leaders, Mito Suarez and Cordova Alejandro. Rodriguez will succeed the late General Aguirre as the insurgent forces in the province of Havana. General Roereque comes from the eastern end of the island and is appointed to his new command by General Maximo Gomez.

A train was derailed by the insurgents between San Miguel and Jercuo, in the province of Havana, and a fight between the insurgents who were in ambush and the train detachment followed. Miss Suarez of Toledo was killed. All the sugarcane on the estate of Manuel Calvo at Potugalea, Matanzas, has been burned by the insurgents.

### SANGUILLY ARRIVES.

He Expresses Lasting Gratitude to Consul General Lee.

KEY WEST, March 1.—Julio SangUILLY has arrived from Havana by the steamship Marquette. He was indisposed to say anything further than what would express his lasting gratitude to Consul General Fitzhugh Lee, whom he described as a truly noble American and a man who should long ago have been in Cuba. "Had he been there years ago," General SangUILLY exclaimed, "there would have been less shedding of American blood." He was very much agitated as he expressed his feeling toward Consul General Lee. When questioned by a friend as to the competitor's crew, he replied, earnestly, that if the United States government did not take prompt and energetic action to secure their release, he feared the worst would befall them.

### Big Wickliffe Fire.

WICKLIFFE, Ky., March 1.—The principal hotel, the Watwood House, was totally destroyed by fire last Saturday. The flames spread rapidly and other property was burned. The entire business portion of the city, including the L. O. depot was threatened.

### CRETAN WAR NEWS

Powers Will Send Collective Notes to Turkey and Greece.

### KING GEORGE MEMORIALIZED.

Cretan Will Not Give Up the Struggle Until It Secures a Union With the Hellenic Kingdom—Intentions of One of the Great Powers—Bulgaria May Take a Hand in the War.

LONDON, March 1.—It is stated here on good authority that the result of the conferences between the representatives of the great powers at Constantinople and Athens will be the presentation of collective notes to Turkey and Greece today. Greece will be allowed four days to recall her land and sea forces from Crete. It is reported from Crete that several insurgent leaders have sent to Vice Admiral Canavaro of the Italian fleet a signed declaration that the Cretans will accept no solution of the pending question but political union with Greece. Fighting continues between the insurgents and Musselmans near Retimo and elsewhere. The Christians

KING AND QUEEN OF GREECE.

besieged the Turkish garrisons in the blockhouse at Malata for several days. A body of Turkish regulars and irregulars left Crete with a convoy to recapture the blockhouse. The insurgents attacked the column and killed several of the escort, whereupon the Turkish battleship Eridon fired upon the insurgents with shells and continued the firing until stopped by order of the foreign admirals.

Latest advices from Crete report that fighting between the besieged garrison and the Cretans continues. The villages of Trikelaria and Nerokouro, in the same district, have been burned by Bashi Bazouks. Fighting continues also outside Candia. The Christians have repulsed the Turks.

A number of Cretan deputies, headed by the bishop of Retimo, have presented King George with a memorial. This states, in effect, that autonomy, instead of pacifying the island, will only pave the way for another revolution later on and still endanger the peace of Europe; and that, therefore, the Cretans are resolved to continue the struggle until political union with Greece, their long cherished hope, is realized. Three hundred volunteers have evaded the blockade established by the powers and landed safely on the southeast coast of Crete. Edhem Pasha, it is understood, will proceed on Tuesday to take command of the forces on the Macedonian frontier. The public feeling at Athens is that nothing can prevent the powers from coming to blows over Crete. The rumor was circulated that the English flag alone had been hoisted over the fortress of Izdizing. Everybody immediately leaped to the conclusion that England was trying to steal a march on the other powers by seizing Suda harbor.

It is believed that one of the great powers is now urging the sultan to take the offensive immediately possibly with the intention of stepping into to protect Greece in case the Turks should overrun Thessaly, but more probably with the ulterior design of seizing Constantinople. Macedonian forces will be raised in a few weeks, with a view to possible contingencies, and if the Turks attempt to invade Thessaly, the Bulgarian government is determined to advance its troops instantly to the Aegean sea.

### MURDERER TAYLOR ON HIS WAY HOME.

NEW YORK, March 1.—Arthur Platt, alias Edward R. Taylor, recently arrested in England for the murder of Jesse Wyres in Eastern insane asylum at Louisville, Ky., in 1885, and was

There is a fascination about a vigorous, healthy woman, which touches every heart. Physical weakness is a great drawback to a woman's social success. As she loses healthy plumpness she loses attractiveness. A woman had even better be stout than too thin; but either extreme shows a lack of healthy condition. If you are not physically fit, the mark, appetite uncertain, digestion poor and a general sense of weakness and incapacity, you will find the robust health and energy you need in Dr. Pierce's Golden Medical Discovery. It renews the blood, gives the vital life-giving red corpuscles which drive out all morbid elements, and create new tissue, hard muscular flesh and active nerve force.

It gives color to the cheeks and firmness to the form, without adding one ounce of flabby fat above the normal standard of health. Taken alternately with Dr. Pierce's Favorite Prescription for distinctly feminine troubles, it constitutes a scientific and marvelously successful course of treatment for delicate women.

Mrs. Ella Howell, of Derby, Perry Co., Ind., writes: "In the year of 1891 I was taken with stomach trouble—nervous dyspepsia. There was a coldness in my stomach, and a weight which seemed like a rock. Everything that I ate gave me great pain; I had a burning sensation; I was unable to eat, and in a short time I was bloated. I was treated by three of our best physicians but got no relief. Then Dr. Pierce's Golden Medical Discovery was recommended to me and I got it, and commenced the use of it. I began to see a change for the better. I was able to eat and to walk about the room without assistance. I took Dr. Pierce's Golden Medical Discovery and his Favorite Prescription, and a bottle of the Pleasant Pellets. I began to improve very fast after the use of a few bottles. The physicians who attended me said I had 'dropsy' and that my disease was leading to pulmonary consumption. I had quite a cough, and the home physicians gave me up. I said to God that my cure was near. I did not feel any symptoms of my old disease. I cannot praise Dr. Pierce and his medicine too highly. The medicines come the nearest to raising the dead, of any I have ever known about. They are worth their weight in gold to me. I have my liver, stomach and bowels.

### MINING DISASTER.

One Hundred and Eighty Men Imprisoned in a Burning Mine.

ZATACHTAS, Mex., March 1.—A terrible mining catastrophe occurred at the Sombretre company's mines here. A rescuing party went down to the bottom but were nearly suffocated by smoke. The cornish miners displaying unusual heroism in attempting the relief of the imprisoned men, of which there were 183.

### MISPLACED SYMPATHY.

Evidence Shows Military Party to Be a Life Long Crime.

JOHET, N. Y., March 1.—There has been an immense amount of sympathy expressed for Sidney B. Davis, who was convicted last month of stealing \$120,000 worth of diamonds from Mrs. Scam-bank-Williams eight months ago at the Hotel Munroe, and thousands thought he was an innocent man. Money was raised by citizens to enable him to appeal the case. Davis was a stranger here and great interest was taken in the case. Last week he was taken to the penitentiary, notwithstanding the strong effort to have him released in jail at this week, and now evidence has just been received showing that he has been a lifelong criminal. He has served two prison terms, one in Canada and one in Colorado for similar crimes. The money subscribed to aid him will be returned.

Inquiries have been sent out from New York, Philadelphia and New Orleans but so far have elicited no information as to the whereabouts of Mr. Drexel's yacht.

**Kentucky senatorship.** LOUISVILLE, Ky., March 1.—It is the general opinion among politicians at Frankfort that Governor Bradley will not appoint a senator but convene the legislature soon after the term of Senator Blackburn expires and give that body a chance to elect a senator. This change of plan is said to have been brought about by the Republican steering committee of the United States senate.

### Injured by a Bovine.

CANTON, O., March 1.—Mr. S. W. Novinger, who resides about five miles south of Canton, attended a sale in Jackson township, where he purchased a big bull and started to lead him home. The animal rebelled and turned on Novinger. The man was tossed in the air. Three times did the vicious animal perform this feat. Novinger succeeded in crawling away but was terribly hurt. His right breast was caved in, one rib broken off, and he sustained other bruises. He is in a critical condition.

**Citizenship Restored.**  
Hon. O. H. Montgomery, while at Indianapolis Saturday called on Governor Mount, and after relating the circumstances under which John W. Holmes, of Medora, was disfranchised four years ago in our circuit court for 10 years, the governor removed the disfranchisement which makes Mr. Holmes a free man again. He was charged with the violation of the election laws. There were grave doubts in the minds of many as to Mr. Holmes doing anything with the intent to commit a wrong, the facts being well understood at the time. Mr. Holmes is not far from seventy five years old and in feeble health. He no doubt feels very grateful to Mr. Montgomery for his act of kindness in his behalf.

### John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

### GATHERING PUBLIC OPINION.

Governor Mount's Method of Learning the Trend of Sentiment.

Governor Mount has originated a unique but very satisfactory method of gathering the trend of public opinion upon various measures of the legislature submitted for his approval. A couple of weeks ago there was sent out from the governor's office over the signature of Charles E. Wilson, his private secretary, a communication to all the newspapers in the state. In his letter it was stated that the governor had confidence in the integrity and honesty of the newspapers, and desired to keep himself informed of the opinions they might express upon pending measures that were likely to come before him for executive action. It was, therefore, requested that marked copies be mailed to him whenever anything of an editorial character was printed concerning measures in the legislature. This request brings to his office daily nearly every newspaper in the state, and these are faithfully gone over by the private secretary. Mr. Wilson clips and credits everything that he finds about pending measures and classifies them under different subjects, so that in considering any particular bill the governor has at hand, neatly pasted and clamped together, clippings from various newspapers on the subject. Democratic as well as republican papers were included in the invitation, but in crediting the clippings Mr. Wilson always indicates the politics of the paper, so that the governor may take due cognizance of political difference of opinion. The governor is more than satisfied with the plan, and believes that by this method he gets a truer index of public opinion upon various measures than he is likely to get from letters upon the subject, for only people who are personally interested for or against various measures are likely to take the trouble to write about them.

### To Cure a Cold in One Day

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

"The Merry World" which opened a week's engagement at the Grand last evening, is one of the largest and in many ways one of the most commendable burlesque productions that has ever been given in a local popular price house. As is known, it is sort of a companion piece to "The Passing Show" and "In Gay New York," and, in all truth, it can be said that it is the equal of these productions. The stage setting throughout is excellent, and the various burlesques well given. As to the company, it is clever without exception. The audience last evening filled the theater from stage to doors, and if the piece does the business it deserves this will be the state of affairs at all the remaining performances. Matinee will be given as usual.—Louisville Times.

### Julian Scott, Drummer Boy.

The Boston Transcript says that Julian Scott, drummer boy, Company E, Third Vermont volunteers, "received the first congressional medal of honor for bravery at the battle of Lee's Mills, Va., April 16, 1862. His duties did not require him to be present on the field. Learning that four companies of his regiment, including his own, had crossed the creek and were suffering terrible losses, and that many of his comrades were killed and wounded, he started for the scene, forded the creek, and, in the face of a terrible fire and countercharge from the enemy, succeeded unaided in bringing two severely wounded comrades across the creek. A general order was issued by his brigade commander, General 'Baldy' Smith, commending the heroic bravery of this drummer boy. The act of congress granting the medal of honor was passed July 12, 1862, and it is reported that Secretary Stanton was so pleased with the bravery of this boy that as soon as the medals were ready he sent the first one to Julian Scott."

### Wonderful Vitality of Seeds.

Professors Webster and Ponchet, who have recently been engaged in experimenting on the vitality of seeds, find that the seed of Medicago americana (Lucern) may be boiled uninterruptedly for four hours without losing their vitality. Seeds so treated sprouted and sprung up in from 12 to 17 days.—St. Louis Republic.

A clock with a human face has been made by a clockmaker in St. Petersburg. The hands are pivoted on the nose. At midnight the eyes close and the mouth yawns. About 2 in the morning the mouth emits a gentle snore. This is done by means of a phonograph in the interior.

When bilious or costive, eat a Cascara, candy cathartic, cure guaranteed 10c., 25c.

### HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and seeping pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.
